## Cat Collar

Our Bioflow® cat collar discreetly houses a CRP® magnetic module and is made from lycra covered rubber with a buckle fastening, bell and elasticated insert. One size fits all.

## Dog Vest

The Bioflow® dog vest offers you the complete package in magnotherapy for your dog, complimenting our dog collar for your pets health maintenance. The dog vest has six CRP® magnets strategically placed to cover the shoulder and hind quarters and is tailored from an olive green "poly-mesh" - used specifically for its breathability and comfort. The vest can be worn alone or underneath most dog coats and can be used prior to exercise to help increase blood flow to the muscles and afterwards to help maintain muscle condition. Please measure from the base of the neck to the base of the tail for the size you require.
